

**HIGH SUMMER 26
LOOKBOOK**

TU

Tu's HS26 high summer edit captures the spirit of the season through effortless dressing with a polished point of view. Designed for heatwave days, long weekends and summer escapes alike, the collection pairs wardrobe staples with current silhouettes and an easy sense of confidence.

Skirts stand out as a defining shape, joined by balloon-leg trousers, relaxed jorts and co-ords that make warm-weather dressing feel considered with minimal effort. Utility cargos revisit nineties influences through lighter fabrics and cleaner lines.

The palette is warm and sun-drenched, with fiery reds and spicy orange balanced by apple green, khaki and rich brown tones. The print direction centres on stripes and checks, while softer motifs offer a quieter contrast.

Crisp poplin and breathable linen sit at the heart of the collection, elevated through crochet, lace, cutwork and delicate embroidery. Elsewhere, dresses layered over trousers introduce an unexpected styling note that feels distinctly current.

Swimwear takes a fashion-focused approach, with embellishment, cut-outs and bold graphic prints designed to move beyond the poolside. Statement sandals and oversized bags complete the collection, taking looks from beach days to long summer evenings. Altogether, the collection is built for real summer plans and styled with ease.

Selected pieces are available now, with further drops landing between May and August online at tu.co.uk, argos.co.uk as well as in selected Sainsbury's stores. Prices start from £5, with clothing available in UK sizes 6–26 and footwear in UK sizes 3–8.
